**Rule 238A :** "(1) All horses drawn up behind a moving barrier shall be deemed to be starters in the race, irrespective of their positions or their gait at the start.

Provided that the Starter may declare a non-starter any horse that has refused to come within a reasonable distance of the barrier.

"(2) The Starter may defer the start if at the designated starting point—

- (a) a horse has fallen ;
- (b) the chances of any runner have been or are being materially affected by interference ;
- (c) a horse has broken equipment ;
- (d) any horse is not fully behind the arms of the barrier ; or
- (e) any horse is likely to gain an unfair advantage. "

**Rule 238B :** In the event of adverse track conditions, mechanical fault, or any other circumstances that could militate against a moving barrier being operated safely or efficiently, the Stewards may direct that a race intended for a moving-barrier start shall be started by any other approved starting method.

Provided that such race shall be started as near to the proposed start of the race as the alternative method of starting will permit.

Provided also that the horses shall occupy the same barrier positions and rows from which they would have started had the moving barrier been used.

**Rule 239 :** Add the following proviso—

" Provided that where a moving barrier is in operation the Chief Steward shall prescribe the points on the track between which the horses shall be marshalled behind the barrier and between which the race shall be started. "

**New Rule :**

**Rule 253B :** " During the run-up of a moving start horses shall not, except in an emergency, be permitted by their drivers to deviate from their barrier positions.

" Provided that the Starter may during the run-up, give such directions that would in his opinion be conducive to a fair start. "
