DOUBLES / QUINELLA / FORECAST

True Double refers to the purchase at the same time of one ticket to record an investment on two horses — each horse running in a separate race.

An investment on two runners in one race to finish in ANY order is known as "Quinella" betting, or if in the CORRECT order "Forecast" betting, and both are "Combination betting."

DOUBLES RACES

Dividends will be declared on a concession basis of

1st Horse 2nd Leg 70%
2nd Horse 2nd Leg 30%

unless otherwise directed.

DOUBLES PRE-SELECTION TOTALISATOR

Doubles totalisator will operate on two consecutive races, viz., the first and second race, the second and third race and so on. The Double investors must ask for the number of the Horse they select as the first leg and the number of the Horse in the second leg, thus, "No. 1 and No. 4". It is important to mention first the number of the Horse in the first race, and second, the number of the Horse in the second leg.

When it is desired to purchase a ticket on one Horse in one race of the double and on all Horses in the other race of the double, the word "Field" is used to include all the Horses, and on the ticket appears as the letter "F". To obtain a ticket to include one Horse in the first race and all Horses in the second race of the double, ask for "No. 1 in the first race, the field in the second race" or if it is desired to couple all the Horses in the first race of the double with one Horse in the second race, ask for "the field in the first race, No. 1 in the second race." Double investors are reminded to hold their tickets until the dividend is declared.

LATE SCRATCHING

If before the Double Totalisator closes a late scratching occurs in either leg of the Double, and the horse scratched is not bracketed with another horse which is a starter the bet is off and the investor may change his ticket or claim a refund. If, after the First Leg of the Double and the horse scratched is not bracketed with another horse which is a starter the investment on the scratched horse shall be transferred to the On-Course favourite on the Doubles Totalisator.

QUINELLA TOTALISATOR

This Totalisator is for investors to invest in any selected race for the purpose of nominating the two Horses which shall be placed first and second in one and the same race irrespective of which Horse is placed first or which Horse is placed second in the race on which the Quinella operates.

Investors must ask for the numbers of the two Horses they select to fill first and second places, asking for the lowest number first.

FORECAST TOTALISATOR

This Totalisator is for investors to invest in a selected race(s) for Forecast betting for the purpose of nominating the two Horses which must be placed first and second.

Investors must ask for the numbers of the two Horses selected to fill first and second places with their first selected number first.

TRUE DOUBLES DIVISION RACES

1. Select your combination(s) before approaching a selling Window.
2. Units will be \$1.00.
3. Brackets are NOT recognised unless in the same Division.
4. For the purpose of these Doubles all numbers are treated as whole numbers.
5. If the horse you selected carries the letter "A" or "B" next to the number ask only for the whole number. (e.g. 22A ask for 22).
6. If you select the same number in each division ask for (e.g. 10 & 10).
7. You must ask for the first division number first, followed by the second division number.
8. REMEMBER. For the purpose of these doubles, only both divisions are treated as separate races. Brackets are NOT recognised.
9. If the horse you select wins the first division and the horse you select wins or runs second in the second division you receive a dividend.

TOTALISATOR INVESTMENT

WIN POOL

Dividend paid on FIRST HORSE ONLY.

PLACE POOL

4 Starters or less—ONE DIVIDEND—ONE TOTALISATOR POOL ONLY.
5, 6, or 7 numbers allotted on the Totalisator—TWO DIVIDENDS—
each 50 per cent.

8 or more numbers allotted on the Totalisator—THREE DIVIDENDS—
each 33 1/3 per cent.

(Subject to regulations displayed on the Totalisator)

ELECTRIC INDICATORS — WIN AND PLACE

Automatically calculated dividends for Win and Place betting will be shown on the Electric Indicators. Dividends are shown in two lines, with the Win Dividend appearing on the top line, and the Place Dividend on the bottom line.

Automatic Win and Place Lampboxes have been designed by the manufacturer to display dividends between \$1 and \$99 but the mechanism can show only one of 35 different dividends for any horse.

These 35 positions are as follows:—

\$1.0	\$1.1	\$1.2	\$1.3	\$1.4	\$1.5	\$1.6	\$1.7	\$1.8
\$2.0	\$2.2	\$2.5	\$2.7	\$3.0	\$3.5	\$3.5	\$3.7	\$4.0
\$4.2	\$4.5	\$5.0	\$6.0	\$7.0	\$8.0	\$9.0	\$10.0	\$12.0
\$15.0	\$20.	\$25.0	\$30.0	\$40.0	\$50.0	\$60.0	\$99.0	

Should the dividend be between these positions the lesser figure is shown.

For dividends between \$1 and \$4.50 a red strip will separate the dollars from the cents and numbers to the right of this red decimal strip will represent units of 10 cents, e.g. 4.5 = \$4.50.

INTER-DOMINION CHAMPIONSHIPS

STIPENDIARY STEWARDS' REPORT

First Night, Saturday, 1st February, 1975

Race 1. John W Andrew & Sons Ltd. Mobile Stakes: Too Cute broke free of interference after approximately 300 metres.

Race 2. Karamea Centennial Mobile Stakes: Classic Move broke prior to the gate being released and lost considerable ground.

Race 4. Sonny Elegant Knitwear Handicap: Montana Gold, Max Brydon and Disciple were slow away.

Race 5. First Pacers' Qualifying Heat: A false start was declared when the driver of Just Too Good complained to the starter that he thought his sulky had been damaged during the run-up. It was found that the nut had worked loose on the sulky wheel, this was tightened and the re-run was satisfactory. Shortly after the start Ian Henry was tightened up and broke when the outside horses, namely Yallara and Master Dean and Young Quinn, when vying for positions approaching the bend out of the straight. The drivers of the outside horses were reminded of their obligations and cautioned to exercise more care. Royal Gaze and Micron were slow to start.

Race 6. First Trotters' Qualifying Heat: Balia's Best and Rannach Ray were slow away. Butch Cassidy and Flagon Wagon broke losing all chance. Dupreez broke on two occasions free of interference. B. Running, driver of the favourite Easton Light was questioned regarding the performance of this horse. Running stated that it had been working well before the meeting and was disappointed with its effort. He stated that he thought the horse had hung badly and failed to show dash. It is thought that there is a possibility that the horse's teeth may be the cause of him hanging and these will be looked at before the horse races on the second night.

Race 7. Second Pacers' Qualifying Heat: Turning into the straight for the first time Alluvial Gold broke free of interference and with 800 metres to run Hondo Gratton which was three back on the fence attempted to ease out behind Kotare Legend in doing so struck that horse's wheel and broke. Kotare Legend pulled a damaged wheel the remainder of the journey. Turnbull was reminded of his obligations in attempting to improve his position.

Race 8. Second Trotters' Qualifying Heat: Jillinda and Bay Johnny both broke at the start, Jillinda losing all chance. With approximately 500 metres to run Bay Johnny which was making a big run broke free of interference and Waipounamu broke free of interference, and doing so caused a check to Do Enquire who also broke.

Race 9. Third Pacers' Qualifying Heat: Bold Jason was noticed hanging on the turns. Go Van finished on strongly after clearing tiring horses.

QUINELLA (\$1)

In Quinella you select two horses to run first or second, in either order, in ONE race.

LATE SCRATCHING:

Should a late scratching occur after the Quinella Totalisator has opened and the horse scratched is not bracketed with another horse which is a starter the bet is off and the investor may change his ticket or claim a refund.

HOW TO BET ON QUINELLA:

- Select your combination(s) of horses before approaching a selling window marked "Quinella".
- You must ask for the smaller totalisator number first, e.g. 1 and 6, 8 and 9.
- Field Ticket—ONE horse may be coupled with ALL OTHER RUNNERS. Ask for THAT HORSE WITH THE FIELD, e.g., 7 with Field.
- Each combination bet of two horses will cost \$1.

**CONDITIONS GOVERNING INTER-DOMINION
CHAMPIONSHIPS**

(1) MAXIMUM HANDICAP MARKS:

For both Pacing and Trotting events the maximum handicap marks will be as under:—

2,200 Metres	30 Metres behind
2,700 Metres	30 Metres behind
3,200 Metres	30 Metres behind

(2) RE-HANDICAPS:

The Handicapper shall not alter the handicap mark of any horse after the declaration of handicaps unless a horse appearing in the handicaps shall win an event exceeding \$N.Z.20,000 to the winner and then it will be within the power of the Handicapper to use discretion as to whether or not a penalty may be imposed, provided that any proposal to rehandicap shall be first referred to the Committee of the Controlling Body.

(3) FIXED HANDICAPS:

Once a Horse is handicapped for the Championships no penalty will be incurred in the Grand Finals as a result of any placed performance in a Qualifying Race.

(4) QUALIFYING RACES (or heats of same):

The aim of the Championships Programme Committee is that there will not be more than three heats (in the case of the Trotter's Championship, two heats) in any Qualifying Race and not more than 12 Horses in any one heat. The Committee reserves the right to vary these figures. Qualifying heats. First to Sixth inclusive for Pacers and Third and Fourth for Trotters will be run under Free-For-All Conditions.

The Pacers Free-For-Alls will be started from behind the Mobile Barrier.

Heats of Qualifying Races will be run as separate races and the Totalisator will open on each Heat separately.

Fields for the Qualifying Divisions will be selected from the final acceptors and preference may be given to Horses which have won at least 4 penalty bearing races at any Metropolitan track in Australia and New Zealand. However selection will be based on current form.

(5) POINTS SYSTEM:

Qualifying points for the Championships Grand Finals shall be awarded to each Horse actually starting and finishing a race of the Qualifying Divisions on the basis that the winner of a Race of a Qualifying Division will receive in points the equivalent of the number of Horses previously selected by the Auckland Trotting Club (Inc.) as the maximum number of Horses to compete in each race of the Qualifying Divisions. The second Horse in each Race of the Qualifying Divisions will receive the next lower number in points and the third Horses will receive the next lower number with each Horse actually finishing thereafter receiving in order one lower number in points than the preceding Horse until the last Horse finishing in a maximum field will receive one (1) point.

The winner of each race of a Qualifying Division will receive one (1) bonus point to be added to the points already earned by the winner of that race.

There will be no points awarded for fastest time.

A Horse that is scratched from a Race of the Qualifying Divisions or a Horse that does not complete a Race will not be awarded any points for that Race.

In the event of a scratching or a Horse not completing the Course, points will be awarded as before with the winner and other Horses finishing the Race entitled to receive their maximum number of points as if a full field had completed and finished the Course in that particular race.

In the event of a dead heat all points of the Horses dead heating shall be added together and equally divided among the Horses dead heating.

- (6) The twelve (12) Horses which gain the greatest aggregate of points shall be eligible to start in the Grand Finals, but should circumstances warrant such a course of action the Grand Council of the Inter-Dominion Conference shall have the power to increase the numbers of starters above the designated number and to select the additional starters.

In the event of two or more Horses each scoring equally the minimum number of points entitling them to be eligible for the Grand Finals and thereby producing a field exceeding the number designated by the Auckland Trotting Club (Inc.) or producing a field exceeding the safety number permitted for Alexandra Park Raceway, then the Grand Council shall decide in its discretion which of the Horses with equal points shall start in the Grand Finals.

The Championships Programme Committee shall be the sole judge of which Horses are entitled to start in the Consolation Races.

SPECIAL CONDITIONS GOVERNING INTER-DOMINION CHAMPIONSHIPS

- (1) All Races will be run and all proceedings in connection therewith conducted under the New Zealand Rules of Trotting and subject to these conditions and to the Regulations laid down by the Inter-Dominion Trotting Conference.

 - Cancel the Championships events in which case all money received will be refunded.
 - Increase or decrease the number of Heats in the Qualifying Races or decrease the number of Consolation Races and amend the number of other events on the Programme.

- (4) The Committee of the Auckland Trotting Club (Inc.) reserves the right to select the Horses to start in the Inter-Dominion Championships.
