— CONCESSION DRIVERS' —

- 1) A driver who is eligible to claim a concession in races is one who is eligible to claim for a period of five (5) years after he/she first obtain their B Grade licence and who has not driven 20 winners per season at such NSW tracks or other non metropolitan tracks.
- 2) A driver eligible to claim a concession at Harold Park metropolitan meetings is one who is eligible to claim for a period of five (5) years after he/she obtains their drivers licence and who has not driven 10 winners per season at such meetings or other metropolitan tracks where the meeting is defined as a metropolitan meeting. A concession driver must hold the necessary licence category to drive at a metropolitan meeting.

DEFINITIONS

Country:- All meetings other than metropolitan meetings, including Harold Park midweek meetings.

Metropolitan:- All races at metropolitan meetings including Moonee Valley, Albion Park, Gloucester Park, Globe Derby, Hobart Showground, Alexandra Park, Addington Paceway and Harold Park.

- 3) Should a driver win his/her 20th non metropolitan race or 10th metropolitan race at a meeting where he/she has further driving engagements that are subject to concession, the right to claim a concession on any track shall lapse at the completion of the meeting, therefore enabling that driver to fulfill his/her driving engagements without necessitating a driver change.
- 4) For the purposes of handicapping and eligibility the connections of any horse accepting with a concession driver who is claiming a concession that is subject to a late driving change, shall be replaced by a concession driver who is eligible for the same concession. Should this criteria not be met the horse shall be scratched by the Stewards and the appropriate penalty will apply.
- 5) A horse may become eligible for an event by making use of a concession drivers' allowance.
- 6) If the advertised barrier draw stipulates PBD/C, PBD/M, PBD/T OR PBD/TM a driver concession will have the effect on altering the barrier draw.
- 7) The concessions will also apply to races containing also eligible clauses.

CONDITIONS

- a) A dead-heat for first place shall not count as a winning drive.
- b) A driver concession may be claimed for races where the front of the race is classified C2 or T2 and better and for horses classified M0 or TM0 and better.
- c) A horse driven in a race by a concession driver eligible to claim a driver concession shall have its classification reduced by one class for that race.
- d) A concession drivers' concession may not be claimed in the following types of races:
 - i) a special handicapping condition race.
 - ii) a discretionary handicap.
 - iii) an age race.
 - iv) sires stakes.
 - v) classic events.
 - vi) A claiming race.
 - vii) Penalty free races.

IMPORTANT – ELIGIBILITY OF DATA BASED INFORMATION

It is emphasised that in applying the conditions of any race Harness Racing New South Wales will rely entirely on the information recorded in the data base at the time of accepting. Where any anomaly arises, decisions will be based on these records only.

LEAD TIME

The Lead Time is the time it takes for the horse to travel from the start of the race to the beginning of the last mile. When it comes to the finish of the race, if it was a slow Lead Time the horses at the front may be advantaged, however, if it was a fast Lead Time, horses from the rear of the field may be at an advantage as they did not contest the early speed in the race.

A fast Lead Time for Harold Park for a 2160m event is 39 seconds or better whilst a slow Lead Time is 41 seconds or slower. For a 1760m race, a fast Lead Time at Harold Park would be 9.7 seconds or better, whilst a slow Lead Time is 9.9 seconds or slower.

SECTIONAL TIME

There are four (4) Sectional Times in every race which are made up of the four quarters of the last 1609m. An exceptional set of sectionals are all below 30 seconds, however, an acceptable set of sectionals would read - 30.5, 31.0, 29.5, 29.5 equalling the last mile in 2:00.5.

OVERALL TIME

This is the time taken to complete the distance of the race. A time below 2:00 is acceptable for a 1609m race, whilst below 2:11 is acceptable for 1760m and below 2:41 for a 2160m event.

MILE RATE

This is a calculation applied to all distances so as to give a comparison to a mile.

Totalizator Betting

Tote Betting gives the patron the opportunity to bet into a significant pool which combines off-course TAB sales and all monies invested on-course at Harold Park

HOW TO PLACE YOUR BET WITH THE TOTALIZATOR

There are Totalizator Operators located in all areas of Harold Park and can be easily identified by clearly marked signage. After choosing the venue where you wish to bet, the type of bet you require and amount to be invested, simply advise the Tote Operator of this choice, along with your selection(s).

HOW TO PLACE YOUR BET WITH THE BOOKMAKERS

The Bookmakers are located in a central position at Harold Park adjacent to the escalators and stabling area. After making your selection of horse, advise the Bookmaker if you wish to invest your money to Win or Each-Way. There is also a Bookmaker located in the Miracle Mile Restaurant.

Note: Always check your tickets before leaving the Tote Operator or the Bookmaker.

| BET TYPE | ACTION | MINIMUM COST |
|-----------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|
| WIN PLACE | The horse you select must finish first. Your horse must finish 1st, 2nd or 3rd when there are 8 or more runners or 1st or 2nd when there are 7 runners or less (conditions apply) | 50c 50c |
| EACH WAY | This is the same as having a win bet AND a place bet on the same horse. Example, 50c each way on horse number 1 means you collect if horse 1 runs 1st, 2nd or 3rd. The minimum bet of 50c each way will cost you \$1.00. | \$1.00 |
| QUINELLA | Two horses are selected and they must finish 1st and 2nd in any order. | 50c |
| EXACTA | This is similar to a quinella in that two horses are selected, however, the horses must finish in the EXACT order as your ticket shows, e.g, if you take an exacta bet horses 9 and 10, the 9 must finish 1st and 10 must finish 2nd. An exacta 10 and 9 means that horse 10 must finish first and horse 9 must finish 2nd. | 50c |
| TRIFECTA | Three horses are selected and they must finish 1st, 2nd and 3rd in the order selected. Example: If horses 3, 9 and 7 are selected, then horse 3 must win, the horse 9 running 2nd, and horse 7 running 3rd. | 50c |

| | | |
|----------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------|
| BOX TRIFECTA | Three horses are selected as with a Trifecta, however, for a minimum outlay of \$6.00 the three horses selected can finish 1st, 2nd and 3rd in any order for you to win. | \$6.00 |
| SUPERFECTA | Similar to a trifecta, however 6 horses are selected and they must finish in the first 6 places and in the correct order shown on your ticket. | 50c |
| BOX SUPERFECTA | As with a BOX TRIFECTA, this type of combination may be applied to a SUPERFECTA. | |
| DOUBLE | Certain races are shown in the racebook as 1st leg of daily double, 2nd leg of daily double or 1st leg of extra double, 2nd leg of extra double. On these races you can select 2 horses (one in each leg of the double). Example: If you select horse 2 and 3 in the daily double then horse 2 must win the 1st leg and horse 3 must win the 2nd leg. | 50c depends on what bet taken |
| MYSTERY BET | If you are feeling lucky, then you can select a mystery bet and let the computer choose the number or combination of numbers for you. Mystery betting is available on win, place, quinella, exacta, trifecta, superfecta and doubles. | |
| PAK BET | A Pak bet is a recent addition and is simply a combination of Each Way, Quinella and Trifecta Betting. It is available to you whenever you feel adventurous. A minimum of 3 runners are selected and you are provided with one ticket which gives you "each way" on the 3 runners as well as Quinellas and Trifectas on the same 3 runners. | \$7.50 |

Other options available to you when you feel you have mastered the above include MULTIPLE BETS, BOX BETS AND STANDOUT BETS.

BET WITHIN THE LAW**ILLEGAL OVERSEAS BETTING IS
DETREIMENTAL TO THE NSW RACING
INDUSTRY**

It is now an offence for a person in New South Wales to place a bet on an Australian horse, harness or greyhound race with an operator whom the punter knows (or could reasonably be expected to know) is not authorised by an Australian State or Territory.

No overseas wagering operators are licensed in Australia.

This means that any bets on Australian racing that a punter in New South Wales places with an overseas operator (by telephone, internet, etc) are illegal.
